DETAILED ACTION

Allowable Subject Matter

1. Claims 1-25 are allowed.

Conclusion

2. The patent to Cauthon et al. (US 6175093), Kislovsky et al (US 6727465) and Hulsizer(US 6013890) are cited to show prior art overlay welding arrangements.

Cauthon et al. recognizes the problems of deformation of the tube panel due to the weld operation.

3. The following is an examiner's statement of reasons for allowance: None of the prior art of record teaches or suggests the process and apparatus for boiler tube panel welding with a straightening means combined with the other claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
